Traffic advisory: Watch for changes at Second Street in Morehead
Part of \$1.5 million reconstruction project

FLEMINGSBURG, Ky. – Motorists should watch for traffic changes on KY 32 in downtown Morehead as work progresses on the \$1.5 million relocation of Second Street.

For the next several weeks, roadway work will require contractors to close one lane of KY 32 adjacent to the new Second Street intersection across from West Sun Street. Motorists should watch for signs indicating when the lane closure is in effect.

In addition, old Second Street remains closed at Allen Avenue. Motorists whose destinations include Allen and Knapp avenues, as well as medical center parking lots, should access Second Street from the KY 32 side. Motorists should take Second Street from the downtown side for access up to Church Street.

The project, which will improve access to homes, businesses and St. Claire Regional Medical Center, is being done under a \$1.5 million Kentucky Transportation Cabinet contract with Bluegrass Contracting Corporation. It includes an improved intersection, a new section of Second Street and extensions of Allen and Knapp avenues.
